

# Outdoor Classrooms

## Bespoke Outdoor Classrooms

The installation of an Outdoor classroom to your school or nursery can provide useful and additional space to existing classrooms. During inclement weather they provide shelter from the wind and rain, During the summer they offer shade from the sun.

They can be utilised for a variety of activities from teaching to outdoor play. These classrooms can significantly extend the periods of time children can spend outside.

We offer a complete service from bespoke design to final installation, this ensures you get the right product for your school or nursery.
